"I Wish I Was a Dancer", is a project in which I dive into the cultural roots of a society I was born and raised in, to explore how one’s surrounding environment can influence one’s decisions and path in life. To achieve this objective, I employ my skills in Fine Art to portray one of my biggest personal wishes/regrets in life, becoming a dancer.

THESE TEMPORARY HOMES by Blaire Sebren. "Little moments of the lives of queer and trans people I know and love."

Meloy Gallery 301 W Holly St D-6
Featuring paintings by Amy Scherer. "I am making small works based on perceptual understanding or misunderstanding as well as abstraction. I am trying to see how much I can leave out or modify, without losing the referenced light. I am very cognizant of keeping the work a painting and not a picture, done in paint. I was not schooled academically but with the idea that design and the arrangement of shapes are at the heart of painting."
